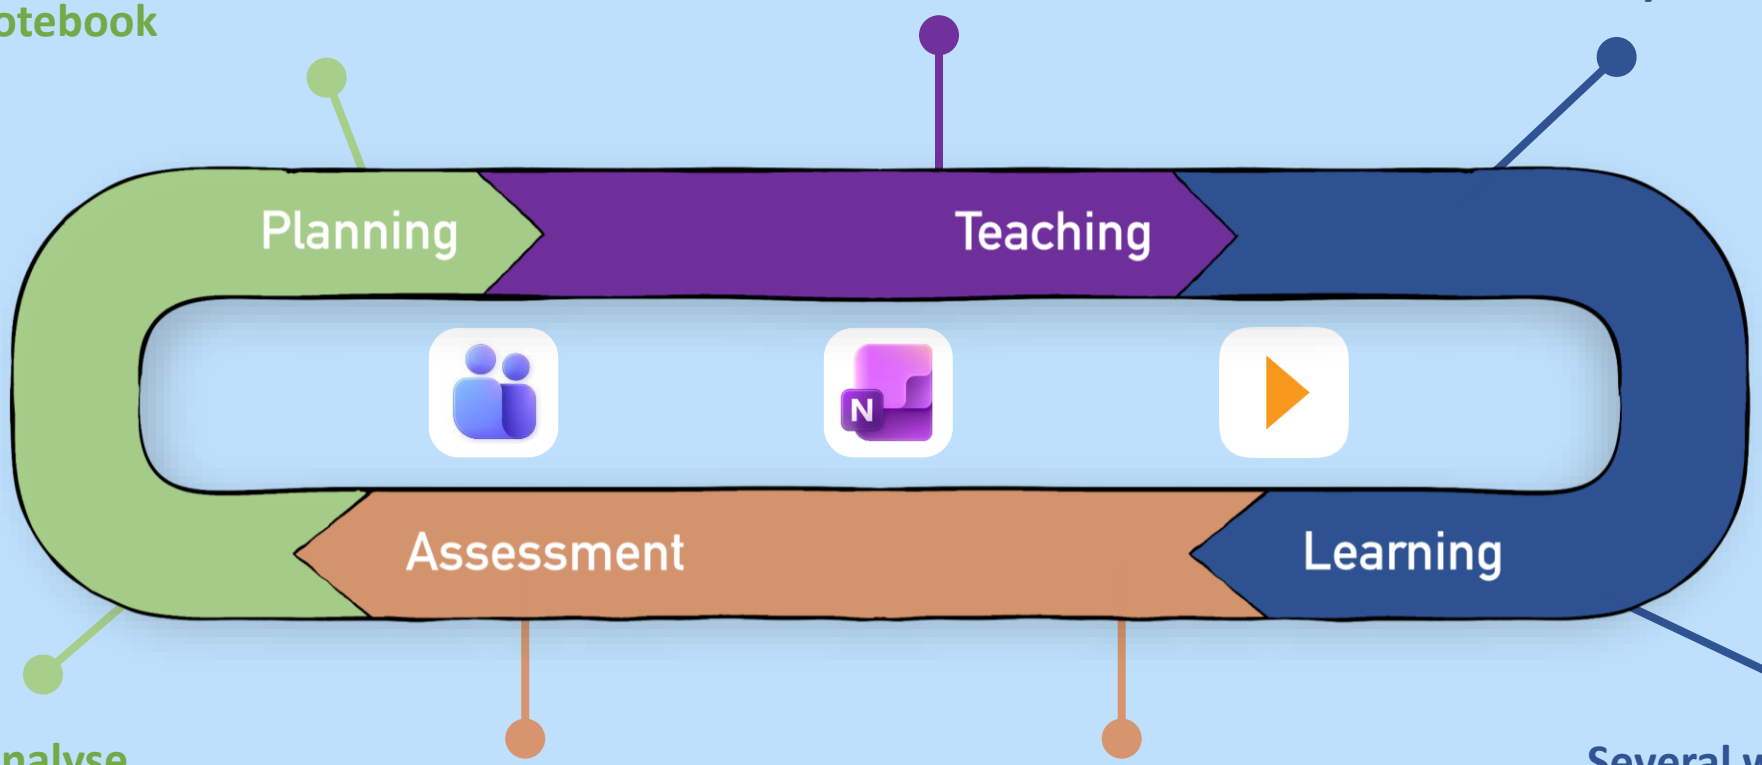
Teachers plan digitally using a Team and Class Notebook

Accessible digital content incorporating video and audio.

Open ended activities that allow for your child's personalisation and creativity



Teacher can analyse data digitally to plan the next step in your child's learning

'Workflow' tools to give quick, meaningful and actionable feedback to your child

Evidence of activities and achievements in their class notebook – easy access to work at Parents evening etc

Several ways for your child to show their understanding

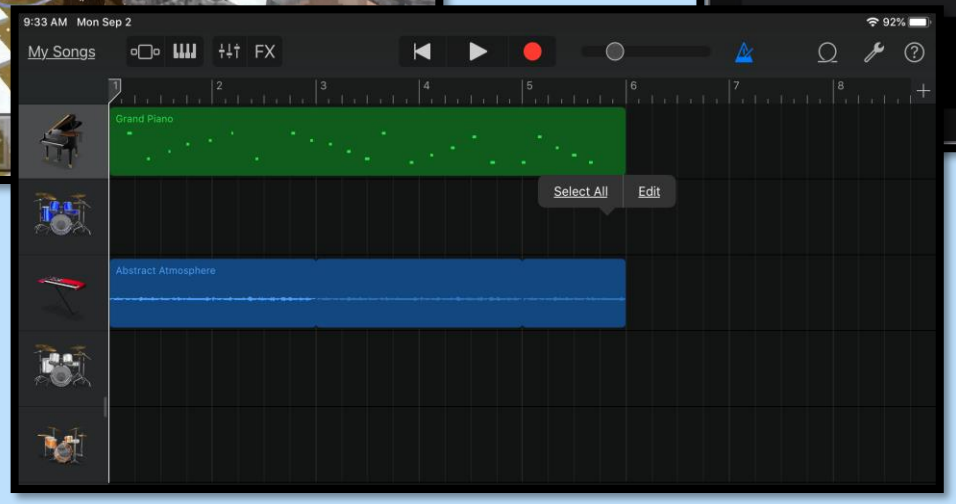
Digital Learning Across the Curriculum



Edinburgh Learns DIGITAL

It would be helpful if…

…you could support your child to remember their charged iPad each morning.

…you asked your child to show you what their favourite iPad tool or feature to support their learning is

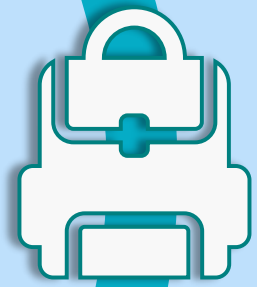
…you asked your child to show you their learning on their iPad

…you agree on a set of rules for iPad use at home (if your child's iPad is sent home)

Edinburgh Learns DIGITAL

iPad Etiquette

Keep iPads away from water bottles!



iPads should be in your child's bag when not in use. Bag should be away from heat or damp.

Use the case/cover provided - no stickers please!
